University of NB - Saint John Campus  
Village of Petitcodiac  
Washademoak Environmentalists

## Final report for Educational Web Researcher project 2004-05

From September 2004 to May 2005, student presenters and myself visited high schools in NS, NB, and PEI, taught 116 classes and spoke to 3,480 students. With the assistance to Fundy Model Forest, Maritime College of Forest Technicians and HRDC, I was able to hire a student the summer of 2004 to continue the development of hands-on classroom activities and update the Powerpoint presentations for travel in 2004-2005 and beyond. We presented to science, environmental studies, geography and math classes and covered the following topics:

- 1) Biodiversity
- 2) Climate Change & Ecosystems
- 3) Forest Fires & Forest Management
- 4) GIS and Remote Sensing in Forestry
- 5) Species at Risk
- 6) Wildlife Management
- 7) Forest Insects & Disease (Natural Disturbance to some extent)
- 8) Sustainable Forest Management
- 9) Non-Timber Forest Products
- 10) Ecology & Forests

### **Schools visited in NB:**

Bathurst  
Chipman  
Fredericton High School  
Harborview  
Harvey  
James M. Hill  
Kennebecasis Valley  
Leo Hayes  
McAdam  
Minto  
Moncton High  
Oromocto  
Rothesay Collegiate  
Salisbury  
Saint John High  
Simonds  
Stanley  
St. Stephen  
Sunny Corner  
Sussex  
Tobique Valley

### **Schools visited in Nova Scotia:**

Bridgewater  
Cobequid Educational Centre  
Forest Heights Community School  
Horton

Sherbrooke  
Sackville

**Schools visited on Prince Edward Island:**

Colonel Grey  
Charlottetown Rural  
Three Oaks

A beautifully designed binder of activities was completed and we implemented several successful activities during our visits. Our hopes are to have the activity binder reproduced and given to teachers during our FORESTRI summer institute. In addition a list of web forestry resources sites was completed and also given out to teachers during our visits.

Thanks to all the partners for a very successful venture!!!!
